## NEW PRODUCTS

### WORK STATION SINK FINISHES

Ruvati's Dual-Tier Pro workstation sink collection is expanding, offering two new finishes – Matte Gold and Gunmetal Black. The line uses the company's two-track system with sliding accessories to expand the range of use. The solid wood platform spans the sink basin, while a matching colander and lid with grater slicer attachment can be used with the mixing bowl. Also included are a hardwood cutting board, two stainless steel colanders and a folding drying rack. The single-bowl design sink is available in 33" and 45" configurations.

### HIGH-STYLE HARDWARE

The Griffin Collection of cabinet hardware features a softened square foot and rounded grip, merging classic architectural curves with contemporary style. Available from **Jeffrey Alexander by Hardware Resources**, the hardware is designed to complement a wide range of styles. The collection includes six ADA-friendly pull lengths, 12" and 18" appliance handles and a coordinating knob, all offered in six on-trend finishes.

### WALL-MOUNTED CONCRETE BATH SINK

The latest addition to the NativeStone collection from **Native Trails** is Natoma 24, a 24" ADA-compliant wall-mounted concrete sink that blends minimalist form with handcrafted texture, states the firm. Made from NativeStone, a concrete blend of cement and jute fiber, every sink is sealed with NativeStone Shield that resists water, oils, food, acids and scratches. Natoma 24 is available in 10 finishes ranging from established neutrals such as Pearl, Ash, Slate, Earth, Charcoal and Sand to earthy, nature-inspired tones of Ocean, Sage, Forest and Terracotta.

### INDUCTION RANGE ADDITIONS

Miele has added a new range size – 36" – to its induction range portfolio, with two options available: the 36" EasyControl Induction Range and the 36" Induction Range with MTouch. The EasyControl Induction Range features a true self-cleaning function, while the cooktop provides ample flexible space for different cooking vessels with two Power Flex Zones and one large round induction zone, notes the firm. TwinPower boosters provide fast heating time and even heat distribution in the oven, Miele adds.

### OUTDOOR KITCHEN FAUCET

The COTO Series is **California Faucets** first kitchen faucet designed to be used outdoors. Crafted from marine-grade 316 stainless steel, it features a statuesque spout, four distinct handle options – Textured Paddle, the Quad Blade, the Appliance Knob and the Dotted Knob – and seven artisan finishes, including a PVD finish. High and low spray options, as well as an optional pull-down sprayer, allows for further customization.

### COLORFUL FITTINGS

**Watermark Designs** is now showcasing a wide-ranging selection of powder-coated finishes for its fixtures, accessories and hardware. Featured colors that embrace the upcoming season include dark cedar, smoked lilac and buttercup. They are among the hundreds of colors available, all offered in a wide range of matte, metallic and satin finishes. Powder coating is available across all of the company's luxury collections.

### SCULPTURAL HARDWARE

**Atlas Homewares** has debuted its new Kimber-ton Collection. The collection features a stepped square base and smooth, rounded details and is available in five finishes – Matte Black, Brushed Nickel, Polished Chrome, Slate and Warm Brass – eight pull sizes (including appliance pulls) and a coordinating knob.

### WARM VEINED QUARTZ SURFACING

**LX Hausys America** offers Cloud Ridge, a quartz surface within its VIATERA Suprema Collection. Inspired by the beauty of cloud-covered mountain landscapes, Cloud Ridge features a warm, off-white base accented by brown veining in varied thicknesses and tones. It is made using NeoQ technology, which allows for the inclusion of high levels of recycled content, up to 90 percent in select designs. Available in a polished finish, it is offered in 63" x 130" slabs and comes in 2 cm and 3 cm thicknesses.

### RUSTIC BATH VANITIES

**Sonoma Forge** has partnered with natural wood furniture maker Littlebranch Farm to create a series of vanities that deliver a rustic luxury look. The partnership merges Sonoma Forge's hand-forged metal industrial faucets with hand-carved salvaged wood vanities made from 200-plus year-old trees to create one-of-a-kind pieces. Woods include salvaged redwood, American black walnut, bigleaf maple and blackeye burl.
