# TOP 100 PRODUCTS 2020

## BY PROFESSIONAL REMODELER STAFF

Getting a leg up on the competition requires staying ahead of the curve, not only on best business practices, but also on top products. Each year, *Professional Remodeler's* editorial team tallies up reader engagement for the building materials, tools, fixtures, and fittings that have appeared in the magazine over the past 12 months. The items that garnered the most interest are awarded a spot on the highly competitive Top 100 list.

To make reading it more manageable, the products are grouped into 10 categories. Reader service numbers included with each product write-up allow you to request info if you want to find out more.

**1** Adding to its kitchen offerings, hansgrohe has introduced several versatile new faucets, which makes more personalization of the kitchen possible. For example, there are the Select 2-Spray models in the Metris and Talis faucet collection, as well as new Allegro N and Focus N collections. This move also provides more user-friendly faucets with sprays that cater to specific tasks, plus faucets that come equipped with hansgrohe's QuickClean anti-limescale feature. **Hansgroheusa.com** / CIRCLE 838

**2** With its array of faucets and sinks, House of Rohl and its portfolio of brands aim to give a fresh look to any farmhouse style. The hand-poured and shaped sinks come in traditional, transitional, and modern styles. The Shaws Classic Shaker Modern Single Bowl Apron Front Fireclay Kitchen Sink (shown) is a contemporary take on the traditional farmhouse form. The sink is 30"x18" with acid- and alkali-resistant glazed surfaces designed to withstand heavy use. **Houseofrohl.com** / CIRCLE 839

**3** Moen's new Nio kitchen faucet collection offers customizable features such as handles that can be swapped out with a complementary accent finish of Chrome, Spot Resist Stainless, or Matte Black. Each faucet comes assembled with an alternate handle in a secondary finish option, as well as a pull-down spray wand, which nests inside the spout. The company also offers the Paterson collection in various finishes, available in pull-down kitchen and bar/prep faucet options. **Moen.com** / CIRCLE 840

**4** Native Trails is expanding its recycled copper kitchen designs. The new Rhapsody Sink is available in antique copper and brushed nickel finishes. Made from durable 16-gauge copper, it provides an artistic twist on the traditional farmhouse style. Coppersmiths use age-old techniques to create hand-hammered detailing and a bowed apron front. Added benefit: Copper's natural antimicrobial properties help keep the sink clean. The UPC- and cUPC-compliant sink comes with a limited lifetime warranty. **Nativetrailshome.com** / CIRCLE 841

**5** Ruvati's Verona Workstation Sink collection combines traditional apron-front design with contemporary stainless steel. Features include a deep stainless steel colander, adjustable roll-up rack for drying dishes, an African mahogany cutting board that fits over the sink basin for prep work, and a rinse grid and drainer basket. The sink comes in single and double bowl configurations; sizes range from 24" to 36". The sink is backed by a limited lifetime warranty. **Ruvati.com** / CIRCLE 842

**6** Thermador's Home Connect app, which links products across the line to each other and to any smart home device, aims to improve the homeowner's entertaining and culinary capabilities as well as the overall convenience of life in the kitchen. Home Connect is compatible with many partners, and each brings a unique feature to the line, from providing access to countless recipes and culinary insights, to enacting auto on/off features, automating supply reorders, and managing appliance operations to save on energy consumption (and ultimately money). **Thermador.com** / CIRCLE 843
