Kitchen faucets feature swivel function

RUVATI launches a faucet line characterized by elegant, distinctive designs and constructed from premium lead-free solid brass for long-lasting durability. The faucets feature a swivel function for complete sink coverage and a pull-out spout that allows for extended reach and easier rinsing. The lever has a forward rotation of 90 degrees, making it ideal for tight spaces. Available finishes for the kitchen faucets include Brushed Nickel, Gunmetal Black, Matte Black and Brushed Gold.

Gray finishes update kitchen interiors, storage

RICHELIEU introduces an array of kitchen storage systems and accessories available in an elegant palette of gray finishes. Gray is quickly becoming a signature neutral that offers a clean-feeling aesthetic and timeless appeal. A warm and calming Dark Grey finish elevates popular elements such as the AXIAL drawer box system, while a sleek Anthracite finish adds style to products like LIRO pull-out systems, OPTIMIZ-R drawer boxes, and the company's retractable iMove system.

Kitchen faucet line melds form, function

LENOVA announces the release of its K250 kitchen faucet line from its Design Edition Collection. The mixed-material faucet combines form and function in a faucet that will be the focal point of any kitchen. The K250WB is as beautiful as it is efficient, with a dual-function spray head and a magnetic docking system. Standing at 22.5 inches tall with an 8-inch spout reach, it is crafted from high-quality type 304 stainless steel with zero lead content, ensuring durability and safety.

Facetted fronts help transform cabinets

HÄCKER KITCHENS unveils its latest innovation, AV 5075 Facetted Fronts. With a refined narrow frame and prism-inspired detailing, the design captures the interplay of geometry, light and shadow, transforming cabinetry into an architectural statement. The facetted trim presents a sculptural edge that shifts in depth and perspective, giving kitchens a dynamic yet timeless sensibility. The delicate detail elevates cabinetry from simple surface to a design centerpiece. | hackerkitchens.us

Unfinished option boosts cabinetry line

NORTHPOINT CABINETRY expands its product offering to include an unfinished option. Unfinished QuickBuild cabinets are available in the Catalina Shaker door style. They enable customers to easily integrate NorthPoint Cabinetry into projects with custom paint and stain colors of their choosing. NorthPoint Unfinished QuickBuild cabinetry features solid wood construction and sturdy dovetail and pocket screw assembly that reinforces the cabinetry's structural integrity.
