Faucets turn on, off at temperature set prior

KOHLER presents a fresh take on mid-century modern style with its Tone Faucet Collection. Each of the three pull-down faucets in the collection feature temperature memory, allowing the faucet to be turned on and off at the temperature set during prior usage. The two pull-down models feature a three-function sprayhead including Sweep spray, a wide, powerful blade of water that sweeps the dishes and sink clean, and Boost technology, which increases flow rate by 30 percent.

Sleek, modern line incorporates design era

DXV unveils the Étire Kichen Collection, a representation of the design era known as “Machine Age Modernism,” a time when designers focused on functionality, practicality and purpose. True to this concept, the Étire line is defined by sleek, modern lines with adaptable and durable design elements for maximum utility. The collection is comprised of a pull-down kitchen faucet, pull-down bar faucet, single- and double-bowl apron-front sinks in various sizes, and soap dispenser.

Sinks combine composites with workstation

RUVATI announces a kitchen sink collection that pairs two of today’s most in-demand features into one design. Known as the epiStage Series, the sinks combine the beauty and color options of granite composites with the impressive practicality of the workstation design. The result is a true masterpiece of form and function destined to be the focal point of any kitchen. Integrated ledges along the front and back accommodate included accessories that slide into place when needed.

Collection embodies spirit of reinvention

BRIZO blends traditional and avant-garde in its Tulham Kitchen Collection to reveal an elegant, highly detailed design. Derived from the word “tulip,” the collection features sweeping curves that evoke the flower’s form. With lavish fluting and a variety of finish options—including statement-making tone-on-tone finish combinations—Tulham delivers a stunning aesthetic to any kitchen. The collection offers a variety of faucet configurations and matching accessories.

Range hoods ideal for custom applications

BROAN-NUTONE introduces two Broan 21" Custom Range Hood Power Packs (PM600SSV and PM400SSV). These power packs are the latest in the company’s hidden ventilation alternatives for the kitchen, offering homeowners endless design possibilities while applying a simple, behind-the-scenes solution that eliminates smoke and odors without ever being noticed. The powerpack inserts are ideal for custom range hood applications and help achieve a custom look.
