RUVATI

PLEATED PERFECTION

Ruvati unveils the Cordona fluted bathtub and sink collection

The new Cordona Collection from Ruvati is the perfect complement to any well-tailored bathroom. The fluted tub and sink coordinate beautifully, adding a new level of sophistication to the space. With a timeless design that features a modern edge, this collection elevates the look of the bathroom. The pleated texture of the Cordona Collection is awash in subtle layers, creating an ambiance that juxtaposes its clean contemporary style with a serene, inviting warmth.

The Cordona Collection is crafted from Ruvati's signature epiStone, an exclusive blend of 70% organic crushed stone and minerals with a proprietary resin to create a solid surface with incredible strength and durability. It has the look of natural stone, yet it is silky smooth to the touch, with a seamless, non-porous surface that is easy to clean and maintain. As an added benefit, the tub and sink offer a thick construction that is naturally sound-absorbing and helps retain the heat of bath water longer, creating a more soothing soaking experience.

The Cordona vessel sink measures 19" (wide) x 14" (front-to-back) with a 4" depth. The Cordona Bath is a luxurious statement piece offered in two sizes: a generous 67" x 30-3/4" x 21-5/8" deep and a more compact model measuring 59" long, both with a double-ended design for maximum comfort. As a freestanding model, the tub offers excellent versatility for creative placement in the bathroom and an easy installation process. Both sink and tub are finished in matte satin and include matching epiStone drains to complete the sleek look of the collection.

As with all Ruvati products, the Cordona Collection is backed by the brand's Limited Lifetime Warranty for years of worry-free enjoyment. Visit www.ruvati.com to learn more about this stunning Ruvati collection and other exciting brand offerings.
