RUVATI

A NEW STANDARD IN SINKS

Verona workstation sink collection by Ruvati brings style and function to the kitchen

Ruvati has reimagined the kitchen sink to create the ultimate in functionality, versatility and style. Introducing the Verona Series – an amazing collection of Workstation sinks that offer a whole new experience for home chefs in busy kitchens everywhere! This sink gets top marks on aesthetics alone by combining traditional apron-front design and the contemporary gleam of stainless steel with a beautiful commercial-grade brushed finish. Add an impressive array of built-in accessories and this sink transforms into a super-efficient space that streamlines food prep and cleaning while helping to maximize counter space and workflow.

The Verona Workstation Sink means business when it comes to efficiency in the kitchen. Its generous proportions easily accommodate oversized pots and pans, while an integrated rack allows built-in accessories to slide quickly into place as needed. Smart features include a deep stainless steel colander for draining pasta or rinsing produce and an adjustable roll-up rack that is ideal for drying dishes. A beautifully finished cutting board of African Mahogany fits snugly over the sink basin to provide a perfect spot for prep work while keeping countertops clean and clutter-free. A stainless steel rinse grid and drainer basket assembly are also included with every Workstation sink.

The Verona Series is built to Ruvati's exacting construction standards, starting with 16-gauge stainless steel that will never rust or stain. The sink comes in single or double bowl configurations with sizes ranging from 24" to 36". Its sleek design features edgeX 10mm Tight Radius inside corners for a slightly curved look that allows for easy cleaning and a fresh modern style. Verona sinks are thoughtfully enhanced with thick rubber padding and a heavy-duty sound guard undercoating to minimize noise and reduce condensation. Built for long-lasting use and beauty, Verona sinks are backed by Ruvati's impressive Limited Lifetime Warranty.

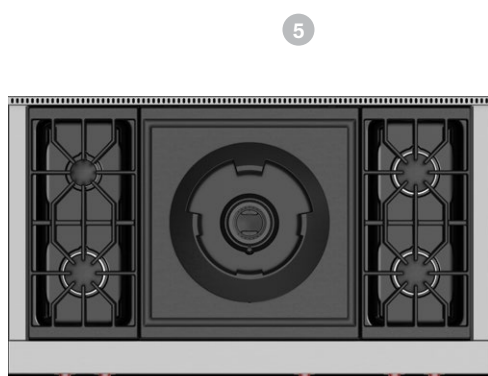

Maximize the use of your kitchen with the Verona Series Workstation sink. Please visit www.ruvati.com for more information.
