PLAN FOR A HEALTHY AND SUCCESSFUL KBIS 2022!

As we enter the fourth quarter of 2021, we look forward optimistically to 2022 for a continuation of the new construction, remodeling and renovation boom the industry has been experiencing this year. What new products, solutions and trends await you next year? Find out at KBIS 2022! Registration is open for the National Kitchen and Bath Association's Kitchen & Bath Industry Show (KBIS), along with the National Association of Home Builders' International Builders' Show at Design & Construction Week® 2022 next Feb. 8-10, in Orlando. It's not too early to begin making your plans to attend.

Register today to take advantage of NKBA's Voices from the Industry Conference sessions that will be held live at the show, as well as on-demand sessions that will address the latest trends and design ideas to propel your professional development and business growth in 2022 and beyond. You can also book your hotel room online for the best selection of available properties and room rates. With affordable airfares into Orlando from destinations across the U.S. and around the world, now is the time to book your trip to KBIS!

While cases of the COVID-19 Delta variant have been on the rise across the U.S. this summer, recent CDC data shows that the number of cases in Florida is declining—a very positive sign! Emerald and NKBA take the health and safety of KBIS attendees seriously. We are continuously monitoring guidance from the CDC and local health authorities, and we may adjust the show's health and safety protocols as relevant recommendations and trade show industry standards evolve. KBIS attendees can also be assured that the Orange

County Convention Center will be a healthy and safe environment for all given its Global Biorisk Advisory Council (GBAC) STAR™ rating for cleanliness and disinfection protocols.

So, you can travel to Orlando in February, meet safely, attend next-level NKBA educational sessions, see a remarkable array of new products from hundreds of the industry's leading exhibitors on the show floor and meet with thousands of peers face to face. We look forward to reconnecting with you all at KBIS '22. Please visit www.kbis.com for the latest show information and to register. ●
