WHAT'S HOT IN KITCHEN SINKS

1

The design options for the Fiore line of fireclay workstation sinks by **RUVATI** has expanded with the introduction of an Emerald Green colorway. Also offered in white, off-white and glossy black, the sink measures 33 inches by 18 inches and is 9 inches deep. Rounded interior corners allow for easy cleaning. ruvati.com

4

The Shaker undermount fireclay sink from **SHAWS** is a modern interpretation of the 1997 original design with thinner walls for a slim, minimal look. The 30-inch, single-bowl model is offered in white, and a protective wire sink grid is available. Can be installed as an undermount or a drop-in. houseofrohl.com/shaws

5

The Mila Infinity Workstation Sink from **MILA INTERNATIONAL** is inspired by the curvaceous designs of Antoni Gaudi. Accessories include a bain-marie, salad mixer station with borosilicate glass bowls, side-sink insert, bamboo cutting board, colander and a salad spinner adaptor. Available in stainless-steel, graphite and gold finishes. mila-international.com
